PUBLISHED EVERY TUESDAY AND FRIDAY IN THE YEAR.

VOLUME XLII

PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, MAY 5, 1922

## MAY 7TH GO-TO-SUNDAY-SCHOOL DAY.

Next Sunday, May 7th, will be Kentucky's ninth Go-To-Sunday-School Day. It was in Kentucky that this day originated and afterwards spread to all parts of North America, and last year was observed in Brazil and South America. Kentucky's Governor was the first Governor to ever issue a proclamation inviting all people of the State to attend Sunday School. Each year thousands of people have accepted the invitation and have not only come on this special day, but many of them have become regular members of the Sunday School.

Invitations are being extended by every Sunday School in Kentucky to everybody in the State to come to Sunday School next Sunday. Special programs will be observed in most of the schools. Every one who attends will receive a cordial welcome.

The Kentucky Sunday School Association that has promoted this day for the last ten years has been instrumental in awakening an enthusiasm in the Sunday Schools of Kentucky that makes Kentucky rank near the top in the percentage of the people of the State attending Sunday School, and in the character of the work that is being done by the Sunday Schools. It has not only helped in getting the people to come to Sunday school, but it has also suggested programs for that special day and for following up the day, and has been the means of placing the Bible in thousands of homes in the State.

The value of such a day as this was recognized by all right thinking citizens of the State. There has been the heartiest co-operation on the part of the editors of the papers; the leaders in Sunday School work of the different denominations; the pastors and superintendents of the churches and Sunday Schools; all who are engaged in educational work and those who are the officers in our State, county and towns. These have all united year after year in emphasizing the great benefit to the people of Kentucky in knowing and obeying the will of God.

There are still hundreds of thousands of people in Kentucky who are not attending Sunday School and church, and an earnest effort is being made to add at least one hundred thousand of these to the permanent membership of the Sunday Schools of Kentucky during 1922.

## GROWERS TO GET CHECKS MAY 20TH

(Special To THE NEWS)  
The Executive Committee of the Burley Co-operative Tobacco Marketing Association, in their meeting held at Lexington, Wednesday, set Saturday, May 20th, as the date for the next distribution of funds due the members of the Association.

It is understood that this distribution will be about the same as the advance price paid to farmers when their crops were delivered.

The manner of delivery of the checks to the growers is left to the director in each district, to whom all the checks for growers in his district will be sent.

It is expected to make Saturday, May 20, a day of jollification in the district, with speeches at public meetings in most cases, followed by the delivery of the checks to the growers.

These details, however, are left to the discretion of the director in each district and no uniform method of delivery has as yet been agreed on.

Each director will announce to the county papers the time and method of distribution to be followed in his district.

After thorough discussion of the outlook, with a view of sales already made and some others in immediate prospect the directors were told they could assure their constituents that those who had joined the association would receive more net money per pound for their tobacco than those who refused to join, besides paying expenses and the payments on the warehouses which are to be deeded to the association by June 15.

## BURLEY GROWERS SELL MORE POOL TOBACCO

Announcement that the Burley Tobacco Growers' Co-operative Association had sold another "good big order" to the R. J. Reynolds Tobacco Company was made at Lexington by President James C. Stone. The announcement followed a busy day for President Stone, James N. Kehoe, of Maysville, Bush W. Allen, of Harrodsburg, and John B. Winn, of Versailles, members of the executive committee, and a number of conferences between President Stone and representatives of a number of manufacturers, including the R. J. Reynolds Company.

While a number of sales have been made since it was announced that the redried tobacco was ready for market, the sale was the first in which the identity of the purchaser has been made known.

The purchase by the Reynolds company is the third large purchase of leaf tobacco made by this company through the Burley association. No information was available as to the actual amount sold or the prices to be paid. The sale was negotiated by Vice President T. H. Kirk, one of the leading men in the Reynolds organization.

## KENTUCKY CONGRESSMAN DISCUSSES REGISTRATION PLANS

Democratic members of Congress from Kentucky held a meeting at the office of Representative Arthur Rouse, in Washington, and discussed plans for getting a full Democratic registration this year in Kentucky, so as to insure the casting of the full Democratic vote at the congressional elections in the fall.

No action of any kind was taken, but the consensus of opinion was that indications are particularly favorable for Democratic gains in the State and that no pains should be spared to organize in order that the registration may bring out all Democratic voters.

Further discussion of the subject will be carried on at a later meeting of the delegation.

## WILL FOLLOW SUPPLIES FOR FOOD SUFFERERS

C. E. Colliver, local agent for the American Express Company, has received the following letter from headquarters of the company:

"It has been decided that in the interest of the suffering on the Mississippi River in Mississippi, we will transport free of charge shipments of donated clothing and other supplies to outside concerns when consigned to recognized organized relief committees. Please be governed accordingly until otherwise instructed."

## STOCKS OF BURLEY SHOW A SLIGHT DECREASE

Burley leaf tobacco held by manufacturers and dealers April 1, showed a slight decrease over the amount held on the same date last year, according to the quarterly report issued under the Cantrell law. The total amount of burley in the hands of dealers or manufacturers April 1 was reported as 395,036,583 pounds, compared with 399,001,690 pounds on April 1, 1921.

## BURLEY DIRECTORS HOLD IMPORTANT MEETING

Directors of the Burley Tobacco Growers' Co-operative Association met in regular monthly session Wednesday, at the general offices, 620 South Broadway, in Lexington. The date for the second payment of money to the growers, it was said, probably will be definitely fixed, as Secretary and Treasurer H. Lee Earley and his staff of workers have everything ready for the payment, with the exception of a few minor details, which can be completed on short notice.

Assistant Chief William Collins, of the Field Service Division, has received twenty-five new contracts, making a total of more than 1,150 since March 6, when the county chairmen were asked to permit any growers who desired to come into the association. Association members and leaders in a number of counties are planning for an enthusiastic drive to sign up all the outside growers sometime this month. In a number of towns barbecues will be given and good speakers will address the growers.

Mr. Collins announced that Gayle Coleman, of Fayette; A. Dickerson, of Mercer, and Matt Winn, of Woodford county, had gone to Huntington, W. Va., to assist Clifton Rodes, Mercer county farmer, who is managing a campaign in that State and Ohio and Lawrence counties, in Ohio, in the field work. All three aided in the burley campaign in Kentucky last fall.

Mr. Collins also announced that he had received quite a number of letters expressing the satisfaction of the writers, all members of the association, with their experience in their first sale of their tobacco under the co-operative marketing plan.

## FERTILIZER

HAVE JUST RECEIVED CARLOAD SWIFT'S HIGH GRADE RED STEER BRAND FERTILIZER FOR TOBACCO. PRICE LOWEST IN SEVERAL YEARS. IT PAYS TO USE IT.

BRENT & COMPANY,  
Incorporated.  
(mar21-1f)

## NEWS OF THE COURTS

Cash Crow, well-known in court circles, residing on High street, in the rear of the Bourbon County court house, was arrested on a charge of selling moonshine whiskey to Melvin Storey. Storey was placed under arrest a few days ago on a charge of drunkenness, and when arraigned before Judge Batterton, was sent to jail on a charge of contempt of court, in refusing to tell where he procured the whiskey.

When he finally concluded to talk Storey stated that he had purchased the moonshine from Cash Crow. Crow was brought into court, and released on a bond of \$30, which he furnished in cash.

Shortly after this a search warrant was issued and placed in the hands of Sheriff Collier and Deputy Sheriff James Gibson. The officers visited Crow's home. No liquor was found there, but the officials claim they found evidences of liquor having been poured out on the ground in the rear of the house. The officers were compelled to force an entrance.

In the County Court Wednesday, Elzie Gross, a farmer living on the J. Miller Ward farm, on the North Middletown pike, near Paris, was found not guilty of having foxes in his possession during the closed season. The evidence adduced at the trial showed conclusively that the foxes he had in his possession were captured a few days ago, after they had destroyed turkeys, chickens and lambs on the farm.

## BOURBON FISCAL COURT

The May term of the Bourbon Fiscal Court convened yesterday with Judge George Batterton presiding and a full board of Magistrates present.

A large number of claims against the county were allowed and ordered paid. The report of County Road Engineer for the month of April was read and ordered filed. The County Treasurer was authorized to borrow the sum of \$10,000 for use of the Turnpike Fund. The Court then adjourned.

## GIRL TO EDIT THE KENTUCKY KERNEL

Miss Irene McNamara, of Mt. Sterling, was promoted from the position of managing editor, which she now holds, to editor-in-chief of the Kentucky Kernel, official publication of the University of Kentucky, at an election of the staff held Tuesday afternoon. Miss McNamara is the first girl to act as editor. Raymond Kirk, of Lexington, was elected managing editor, and L. B. Hall, of Morgantown, business manager. Wm. Blanton, of Richmond, and Wm. Tate, of Stanford, have been named as Hall's assistants.

## BASE BALL

The Sunday School Baseball League opened the season of 1922 at Hancock Field on Winchester street, with a double header game Tuesday afternoon, the contenders being the Presbyterian and Methodist teams. The first game was taken by the Methodists, who romped home victors to the tune of 11 to 2. The batteries were: For the Methodists: Owens and Owens; for the Presbyterians: Tadlock and Ward. The second game was taken by the Christians, they taking the measure of their Baptist opponents by the score of 4 to 1, more like a real old-time Bluegrass League game than anything else. The batteries were: For the Christians: Arnsperger and McCord; for the Baptists: Ballard and Ballard.

The games were witnessed by a large crowd, who gave liberal applause to every good play, and they were numerous. The features of the first game was the pitching of Owens for the Methodists. Owens also made a home run in the third inning. Features of the second game were the fielding of Kenney and Clark for the Christians, and the battery work of the Ballard brothers for the Baptists.

The use of the grounds for the season has been donated by Manager Arthur B. Hancock, Jr., of the Paris Pirates. The next game in the Church League series will be played on Hancock Field this (Friday) afternoon, between the Baptists and Christians. During the play Tuesday afternoon Douglas Clay suffered a sprained ankle, which will put him out of the running for several days.

Jupiter Pluvius interfered yesterday and turned on his sprinkling pot thoroughly wetting the earth. As a result the game scheduled between the Paris and Mt. Sterling teams of the Blue Grass League could not be played. The game will be played off on Saturday afternoon, when, the weather permitting, Paris hopes to take Mt. Sterling's law. The disappointed fans who made the journey to the park yesterday can use their rain checks Saturday.

In a spirited game Wednesday afternoon at North Middletown, between the Paris High School and the North Middletown High School teams, the former were returned victors by a score of 27 to 14. The Clark County High School and the Paris High School teams will play on Hancock Field this (Friday) afternoon.

## AUTO GOES OVER WALL

For the third time in a few weeks persons have mistaken the turn at the foot of Pleasant street, near the Louisville & Nashville tracks, for a continuation of the street, and have gone over the embankment at that point.

Tuesday night a large Cadillac sedan approached the turn at a rapid gait, and without turning, plunged over the wall. The occupants of the machine, two women whose names could not be learned, realized their danger just as the car toppled over, and applied the brakes in time to prevent it from running across the railroad tracks over the steep bluff hanging over Stoner creek. Their danger was seen by employees of a garage in the vicinity who went to their assistance, and rescued them, uninjured. The car was removed from the tracks to the garage for slight repairs.

The names of the occupants could not be ascertained, but it was said they were from Kenton county. The car bore the license tag number 05144, and had the initials "I. B. R." on the doors.

At a point where the street ends abruptly the tracks of the Louisville & Nashville are located flanked by a steep wall. There is no fence or other warning to motorists, and but one incandescent street lamp in the vicinity. Several accidents have happened at this point, and something should be done about it—leand should be done to warn travelers of their danger. It is very easy and natural to mistake the turn in the street for its continuation, and this mistake may lead to serious consequences.

## EGGS MUST BE CANDLED

It would be well for Bourbon county people to remember that after May 15 all eggs must be candled, under a law passed by the last Legislature, which requires eggs to be candled from May 15 to January 15.

## SALE OF EDIBLES

The Bible School of the Jacktown church will conduct a sale of edibles on Saturday, May 6, in Mrs. Gertrude Evans store room below her millinery store. The proceeds of the sale will be applied to the school treasury.

## PARIS MAN HELD TO FAYETTE GRAND JURY

Ernest Jones, giving his home as Paris, was arrested in Lexington, Tuesday by Detective Richard Maloney, when, it was alleged, he was trying to dispose of two automobile tires on East Main street.

Jones, it was said by the officers at Lexington, admitted being the person who was implicated in a jail delivery at Maysville, when he and another prisoner made their escape from the Mason county jail in February. Jones stated he pushed the Mason county Jailer aside and held him while the other man fled, and then made his own get away. Jones also said he was sent to the Reform School from Bourbon county in 1920 for robbery, but later made his escape from that institution. He was unable to explain satisfactorily how the tires came in his possession.

In Police Court Wednesday Jones was held over to the grand jury on a charge of grand larceny.

## MOTORCYCLISTS' OUTING SUNDAY

Twenty-five members of the Lexington Motorcycle Club will come to Paris Sunday afternoon, where they will be joined by local riders in a 40 mile ride to Lexington. A program of entertainment has been arranged for them on arrival at Falmouth. All local riders who desire to make the trip are invited to join the delegation when they come to Paris Sunday afternoon.

Owing to the death of Victor Adams, road captain, the club has held no meetings recently, but will renew its membership campaign this month.

## CELEBRATES 84TH ANNIVERSARY

Mrs. Charles Reickel, one of Cynthia's most beloved women, quietly celebrated her eighty-fourth birthday anniversary Wednesday with a family dining at her home on Court street, in Cynthia. Members of the family at home were present, also Mr. Lamar Hill, of Paris, a nephew. Mrs. Reickel was a daughter of the late Mr. and Mrs. Wm. Hite, Sr., of Paris, and a sister of the late Mrs. W. A. Hill, of Paris, and Miss Mattie Hite, of Cincinnati.

## A. B. HANCOCK HEAD OF THOROUGHBRED ASSOCIATION

Arthur B. Hancock, of Paris, was elected Wednesday night to succeed Charles H. Berryman, of Lexington, as president of the Thoroughbred Horse Association, the sixth annual meeting of which was held at the Phoenix Hotel, in Lexington.

Col. E. R. Bradley, of Idle Hour Farm, was named to succeed Mr. Hancock as vice-president. Thomas B. Cromwell was elected secretary-treasurer.

A. B. Gallaher, of Lexington, and Capt. P. M. Walker, owner of Page Brook Farm, of Boyce, Va., were elected for terms of three years each as members of the board of directors, succeeding James Arthur and Dr. Fred Adams, of Baltimore, whose terms of three years expired. Messrs. Hancock and Bradley were both re-elected to the board of directors for three years each.

President Berryman made a brief address in which he recounted the achievements of the association for the betterment of the sport of racing the benefit of the thoroughbred horse industry during the year.

## PAY YOUR LICENSE

THE CITY LICENSES ARE NOW DUE. CALL AT ONCE AT THE PEOPLES' DEPOSIT BANK AND TRUST COMPANY, AND SAVE THE PENALTIES.

C. K. THOMAS,  
City Collector.

## TO FILM PICTURES IN THE BLUE GRASS

King Baggott, widely-known motion picture star, with a supporting company of twenty, has arrived in Lexington from Universal City, California, and will start to work immediately on a motion picture, many scenes of which will be laid in the Blue Grass region.

The movie folks are making their headquarters at the Lafayette Hotel. The 1922 Kentucky Derby is the center of the picture, which will be entitled "The Suburban." It is possible that some of the scenes may be taken in Bourbon county, in connection with the racing end of the picture.

Nature intended that you should eat what you wanted. You can do it if you take Tanlac. Roche's Drug Store. (adv)
